About three years ago I applied for a Doctor of Ministry program at Portland Seminary at George Fox University. I was accepted, and now on May 4<sup>th</sup> I'll be graduating. It's been an eventful three years. Many of you are familiar, but if you are not familiar with the DMin, it is a little different than a PhD. A PhD is a research type degree, usually requires some French or German, and largely is useful for professors. The DMin is more comparable to a medical doctor, it is a practitioner's degree.

My particular DMin area of study is about semiotics, the study of signs. Signs can be literal signs, like stop signs, but they can also be words, styles of dress, symbols. Signs can also be the way we consider and present doctrine or our own denominational positions.

The month of May, we're going to be doing some intentional talks about the distinctive theologies that make Baptists. We could consider these the top-level values that help us define and understand our other commitments. They can be found on our website and are listed here: the authority of scripture, the autonomy of the local church, the priesthood of all believers, and the separation of church and state. These were hard-fought, born from great suffering, persecution, diligent theological consideration, and collaborative work.

So many of the pressing issues of our day can be better understood and grappled with if we will embrace these Baptist distinctives. Many of the struggles and anxieties we often feel can be alleviated if we would trust the simplicity and wisdom of these tenets. I want to encourage you, this month and beyond, to consider the many ramifications that these signs have for us, the challenge of these doctrines, and the wisdom of our ancestors in faith in arriving at these tentpoles of what it means to be Baptist.

WE'LL CELEBRATE OUR GRADUATES AND KICK OFF  
OUR SUMMER PROGRAMMING!

Our Pritchard Kids had a very busy April! We loved having them participate in worship by singing for Palm Sunday and Easter Sunday. During Spring Break, we took on Carowinds and had a Pokémon Trading Day, per the kid's request.

We look forward to having a Family Fun Night on Friday, May 12 with food and family fun!

If you've ever served on a committee at Pritchard, you know that one of the top conversation topics is, *"How do we reach young families?"*. As we continue to explore that question, let's not forget the families who already come to our campus. We have 60+ CDC families, as well as families who come for our Sports Ministry and Fine Arts Academy. Below are some new ways that you can help us connect with these families -

#### **Pritchard CDC**

- Sunday School classes providing coffee/breakfast-on-the-go during morning drop-off (Sign-ups are available in your Sunday School class).
- Writing birthday cards for students and teachers.
- Teacher Appreciation week (May 8-12).

#### **Sports Ministry**

- Volunteering to run a concession stand (Sign-ups are available in your Sunday School class).
- Attending games and tournaments.

#### **Fine Arts Academy**

- Attending the Spring Recital -  
Piano - June 2 at 6:00 PM (Sanctuary)  
Dance - June 3 at 2:00 PM (Fellowship Hall)

#### **Looking Ahead to Summer**

We have a great number of kids signed up for Vacation Bible School and Camp Ridgecrest but we are in great need of volunteers. Those sign-ups can be found on Realm.

April has been a busy month at the Child Development Center. The first week we celebrated Easter with parties and egg hunts. The kids loved searching for Easter eggs in the courtyard. God granted us a beautiful spring day for our egg hunt. During the week of April 17 we celebrated "The Week of The Young Child" with lots of fun activities that involved the children and parents. The halls resembled an art gallery, with beautiful pieces of art made by each of the students. Each day had a special theme - Monday was Favorite Color Day, Tuesday was Pajama Day, Wednesday was Favorite Sports Team Day. On Thursday, we had a parade where the children marched through the courtyard as their parents watched and waved with excitement. And Friday was Fun Day - we had a bounce house and ice cream.

Many have asked what they can do for this precious ministry. Most importantly, I ask that you pray for these families and children. We also take donations of coloring books, stickers, crayons, markers and board books.

God is working in this place. We feel Him every Sunday when we step on this campus, but He is also working daily here at the CDC.

In His Service,

Kathy Evans, Interim Director, and the CDC Advisory Board - Debbie Price (Chairperson), Meg McCormick, Morgan Jessup, Melissa Wisor and Doug Burkhardt

Pritchard University is open to everyone--Pritchard members and non-members. Please invite a friend (or two) and come enjoy an hour of food, fellowship and study of the Word of God. May is here, spring showers are on their way and warm weather is nearing. The flowers and trees are beginning to blossom and the days become longer - there is always a sense of joy and optimism as we enter a new season. Spring is a great time for reflection and has me thinking about the history of our **Men's Basketball League** and how it came to be. Over 10 years ago, our own Lauren Sykes and Matthew Rogers started a men's basketball league in our old gym, as a way to reach out to the community. Originally starting with just 7 teams on one night (and having to ask everyone they knew to get to that number!!), the league quickly expanded to multiple nights and dozens of teams. I signed up to join the league over 7 years ago and began helping to expand the number of teams and improving the quality of the league. We now host anywhere from 20-30 teams a season, ranging across multiple days and evenings. The league has become an important part of the community and provides a safe place for men to come together for fellowship, basketball, and team comradery. Our spring season is now under way. Come by on a Sunday or weeknight to see what it is all about!

### Summer Camp Enrollment

Summer Camp enrollment is still open and scholarships are available as needed. Please visit our website for more information and camp details.

### Volunteers Needed

We're looking for volunteers! If interested in helping around the facility, greeting guests, working concessions, or have ideas on how to help grow Pritchard Recreation, please contact me to get involved!

## Note of Thanks

To Our Special Friends at Pritchard,

Kenneth and I would like to say thanks for the many prayers during Paul's illness and passing. The cards, food, calls and support meant so much to us. It's great to be in such a wonderful, loving family of faith. Paul loved being a member of Pritchard and we will all miss him.

and College-Aged Students*

[bballard@pritchardchurch.com](mailto:bballard@pritchardchurch.com)

Dear Pritchard Family,

A very warm welcome to the month of May! I hope this newsletter finds you well and ready for a great month ahead. Last month, we had a fantastic time hiking at Crowders Mountain and getting to know Pastor Chris better. We also started aligning our Pritchard youth lessons with the sermons, providing parents with discipleship questions, and sending students home with weekly devotionals that correspond with the week's Bible study. To stay updated with our daily devotions, don't forget to join our private Pritchard youth Facebook page, or follow us on Instagram.

We are thrilled to celebrate the achievements of our High School Seniors, Madison Bolin and Angel Grant. Both are granddaughters of Ginger Thompson, who I'm sure you know is a huge Clemson fan. Madison will be heading to the University of South Carolina and Angel will be going to Clemson. We will be taking them to the beach on the weekend of May 19-21 for a well-deserved celebration before they start their college journey. We are so proud of both Madison and Angel for being outstanding members of our community, and we can't wait to see what the future holds for them.

During the trip, we will be studying a book called "Before You Go" by Gerald Fadayomi, which is a book that provides practical and spiritual guidance for high school graduates as they transition into the next phase of their lives. It covers topics such as decision-making, relationships, faith, and purpose. We also have lots of fun activities planned, including beach games and outings. This weekend is all about celebrating our seniors and sending them off to college with love and support.

We invite our church family to join us in wishing Madison and Angel the best of luck as they embark on this exciting new journey. We can't wait to see what the future holds for them! Thank you for being a part of our Pritchard youth community.

Blessings, Brack Ballard
